

Announcing Quantum Design's 2nd Annual Winter School

This weeklong winter school is geared towards lab managers and graduate students in the second half of their PhD and will provide advanced training on both the PPMS[®] (including DynaCool[®] and VersaLab[®]) and MPMS[®]3 platforms. Specific measurement options discussed will be tailored to the needs and interests of attending students, who are encouraged to bring samples.

Quantum Design will provide room and board for the week. *Airfare and travel to San Diego will be the responsibility of the attending student.*

We are accepting a maximum of 6 attendees.

Dates: February 10-14, 2025

To Apply: Email a CV along with a statement describing how measurement equipment offered by Quantum Design is a critical part of your research and how you would benefit from attendance to: apps@qdusa.com

Deadline to Apply: November 1st, 2024

Awardees Notified By: December 1st, 2024

Quantum Design, Inc.
10307 Pacific Center Court, San Diego, CA 92121
